C o l l e a g u e s ,

The production of the *EASO Asylum Report 2021* is currently underway. The annual [Asylum Report series](#) present a comprehensive overview of developments in the field of asylum at the regional and national levels.

The report includes information and perspectives from various stakeholders, including experts from EU+ countries, civil society organisations, UNHCR and researchers. To this end, we invite you, our partners from civil society, academia and research institutions, to share with us your reporting on developments in asylum law, policy or practice in 2020 (and early 2021) by topic as presented in the online survey.

Please note that the EASO Asylum Report does not seek to describe national systems in detail but rather to present key developments of the past year, including improvements and challenges which remain. Your input can cover practices of a specific EU+ country or the EU as a whole. You can complete all or only some of the sections.

All submissions are publicly accessible. For transparency, 2021 contributions will be published on the EASO webpage. Contributions to the 2020 EASO Asylum Report by civil society organisations can be accessed [here](#), under 'Acknowledgements'. All contributions should be appropriately referenced. You may include links to supporting material, such as analytical studies, articles, reports, websites, press releases or position papers. If your organisation does not produce any publications, please make reference to other published materials, such as joint statements issued with other organisations. Some sources of information may be in a language other than English. In this case, please cite the original language and, if possible, provide one to two sentences describing the key messages in English.

The content of the EASO Asylum Report is subject to terms of reference and volume limitations. Contributions from civil society organisations feed into EASO's work in multiple ways and inform reports and analyses beyond the Asylum Report.

Your input matters to us and will be much appreciated!

**Nina Gregori** - *EASO Executive Director*

\*Please complete the online survey and submit your contribution to the 2021 EASO Asylum Report by **Thursday, 25 February 2021**.\*

## Contributions by topic

### **1. Access to territory and access to asylum procedures (including first arrival to territory and registration, arrival at the border, application of the non-refoulement principle, the right to first response (shelter, food, medical treatment) and issues regarding border guards)**

### **2. Access to information and legal assistance (including counselling and representation)**

In Sicilia l'accesso all'informazione e all'assistenza legale registra l'innalzamento delle competenze degli addetti ai lavori che possono contare su una maggiore preparazione e formazione grazie al contributo di alcune Associazioni che si occupano della formazione legale degli operatori dell'accoglienza. Questa maggiore preparazione si traduce in una migliore assistenza per i richiedenti asilo.

### **3. Provision of interpretation services (e.g. introduction of innovative methods for interpretation, increase/decrease in the number of languages available, change in qualifications required for interpreters)**

### **4. Dublin procedures (including the organisational framework, practical developments, suspension of transfers to selected countries, detention in the framework of Dublin procedures)**

**5. Special procedures (including border procedures, procedures in transit zones, accelerated procedures, admissibility procedures, prioritised procedures or any special procedure for selected caseloads)**

I Giudici del Tribunale di Catania, grazie alla collaborazione dei volontari dell'EASO, stanno intensificando il ricorso all'audizione personale dei ricorrenti. Purtroppo non si registrano miglioramenti nei tempi processuali. I Giudici si mostrano particolarmente attenti alle evoluzioni sociali e politiche che interessano i Paesi di provenienza dei ricorrenti; si registra inoltre l' uniforme applicazione della protezione speciale per i ricorrenti che nelle more del processo hanno intrapreso un concreto percorso di integrazione socio-economico in Italia.

**9. Procedures at second instance (including organisation of the process, hearings, written procedures, timeframes, case management - including backlog management)**

Anche per le procedure di secondo grado non si registrano miglioramenti nei tempi processuali. I Giudici si mostrano particolarmente attenti alle evoluzioni sociali e politiche che interessano i Paesi di provenienza dei ricorrenti; si registra inoltre l' uniforme applicazione della protezione speciale per i ricorrenti che nelle more del processo hanno intrapreso un concreto percorso di integrazione socio-economico in Italia.

**10. Availability and use of country of origin information (including organisation, methodology, products, databases, fact-finding missions, cooperation between stakeholders)**
