EASO's role

EASO is a **unique centre of expertise** on asylum with **operational capacities on the ground**, being capable to provide support to Member States under pressure in managing asylum applicants

Implementation of the Common European Asylum System (CEAS);

Fostering greater convergence amongst Member State's Asylum Systems;

Providing the necessary support in order to translate into practice the provisions of the CEAS;

Ensuring that individual asylum applications are dealt with in a coherent way by all Member States.

EASO's focus points

Permanent Support -

common training, common asylum training material, common quality and common Country of Origin Information (COI);

Special and emergency support -

assistance to repair or rebuild asylum and reception systems;

Support to the Hotspots -

coordinating all activities under the EASO Operating Plans;

Information and analysis support -

sharing and merging information and data;

Third-country (i.e. non-member country) support -

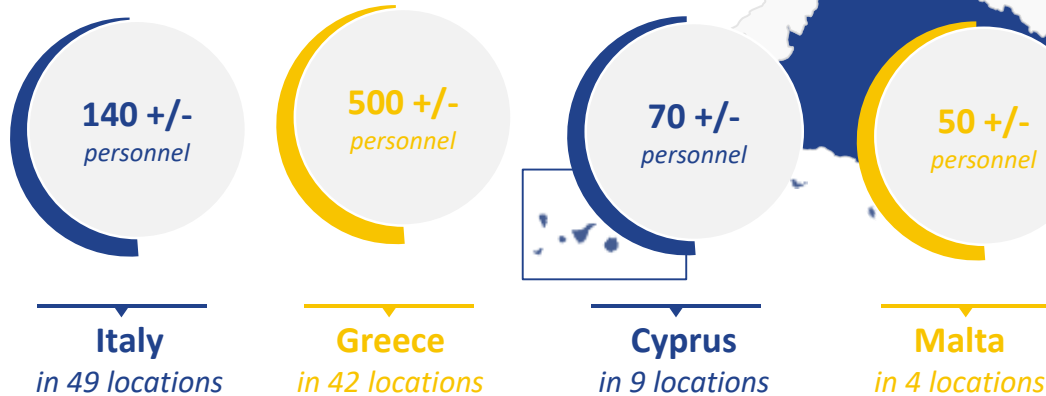

supporting the external dimension of the Common European Asylum System;

EASO Operations

EASO currently runs major operations in **Italy, Greece, Cyprus, Malta** and **Spain**, accounting for over **2000 personnel** and **50%** of the Agency's budget.

Upon request of the national authorities, EASO is implementing several measures, set out in the **Operating Plans** stipulated with **Italy, Greece, Cyprus, Malta** and **Spain**, aimed at relieving some of the pressures on the national authorities.
